Standards portal

SNVconnect - database for standards

General information

The Lucerne University of Applied Sciences and Arts has access to the standards portal SNVconnect of the Swiss Association for Standardisation SNV.

Included in the licence are full texts of the following collections:

- SN (INB, SWISSMEM, Electrosuisse)
- ISO (incl. ISO IEC)
- SIA
- SWKI

The standards can be saved as a PDF and printed out.

Notes on use

Access is only for members of the Lucerne University of Applied Sciences and Arts and the standards contained may not be passed on.
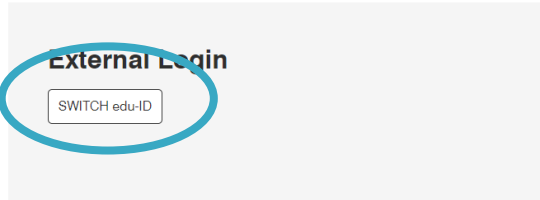

Internet address: https://connect.snv.ch/edu-id

Login via Switch edu-ID and is valid for registered members of the Hochschule Luzern.
Check registration status HSLU.

On the https://connect.snv.ch/edu-id page, click on [SWITCH edu-ID]

Log in with your own Switch edu-ID:

Registered in the store must appear after the login. Confirm this with a click and [Continue]

SNV standards connect the world

SN EN 60601-2-24   Search   › Nicole

Search scope: ● Standard reference   ○ Full text search   ☐ Include withdrawn

Showing search results for **"SN EN 60601-2-24 "**

› Narrow results

Showing **1-10** of **1** results   Sorted by: Relevance   Published Date

STANDARD
SN EN 60601-2-24:2015   May 2015 ✓ Current   ⬛ Open
Medical electrical equipment - Part 2-24: Particular requirements for basic safety and essential performance of infusion pumps and controllers   ⋯ More options

Languages: English, French, German   Corrigendums and Amendments (0)   › Previous versions (1)

In the next step [→ Open]

The web viewer opens with the document, here you can download or print it:

Additionally available standards outside of e-Norm:
- IEEE: http://ieeexplore.ieee.org (on campus or externally via VPN)
- VSS (contact the library)
- Print standards such as SIA documentation, SWKI guidelines, CRB products and VDI standards (contact the library)
- DIN standards: Many DIN standards are also published as SN EN.
- Individual DIN standards are available as DIN paperbacks in the library and can be searched in swisscovery RZS HSLU.
